

Booth Placement Policy

The Seattle Wedding Show takes pride in supporting vendors that have supported the show no matter what booth size they are able to afford. Therefore booth placement is done by seniority (the number of years with the show) and not the size of booth or preferential treatment. All exhibitors choose their own booth location, we do not assign it. Like business must keep a 10' separation not including the aisle when choosing their booth location. You are free to review the floor plan at anytime at

Returning Vendors

1. We must receive your application and deposit by February 15, and your account must be in good standing, to retain your seniority.
2. If the floor plan does not change, you are guaranteed your same booth location and size from the last show. If the floor plan is changed (which is very rare and you will be notified) everyone will need to choose a new booth location based on seniority.
3. After March 1 we will start the booth placement process. You will be notified by email of a date that you will be contacted by show management to either confirm your same location or move it to a new available location. We contact approximately 7 vendors a day and the process will be completed before the end of May.
4. After you have been contacted, you are free to continue to watch the floor plan to see if anything more appealing comes available. If you find another available location that you are interested in, it is your responsibility to contact show management.
5. After you have confirmed your booth placement, an official participation agreement will be emailed to you confirming your booth selection and participation. The agreement must be signed and returned within 10 days.
6. You can upgrade or downgrade your booth size at anytime after you have confirmed booth placement, as long as there is availability.
